SARC Information

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1st of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all Local Educational Agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in a LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Webpage at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.
- To view our SARC online, please visit our website or scan the QR code to the right.

District Vision

Our Mission

"Every Student Successful. Engaging Schools. Empowered Communities."

Our Shared Vision

Fontana Unified is a community united to ensure that every student is prepared for success in college, career, and life.

Our Core Values

- Teamwork and Respect
- Excellence and Achievement
- Responsibility and Accountability
- Equity and Opportunity
- Dedication and Commitment

Our Three Cornerstones of Success

- Every Student Successful: Schools demonstrate a relentless focus on preparing students for success in college, career and life.
- Engaging Schools: Schools have the high-quality resources, leaders and teachers to provide the comprehensive learning environment required for a world-class education.
- Empowered Communities: Schools cultivate healthy environments and meaningful partnerships with families and communities to support student achievement in and out of school.

Our Goals and Budget Priorities

- Increase proficiency and strategic thinking
- Promote multilingualism and multiculturalism
- Increase graduation and college and career readiness
- Cultivate effective teachers and leaders
- Engage students and decrease dropout rates
- Strengthen family and community engagement
- Promote healthy environments

School Mission Statement

Southridge Middle School seeks to:

- Develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect.
- Prepare ALL students to be college and career ready to succeed in a global society.
- Instill 21st century skills through hybrid technology and instruction, rich curriculum, and real-life experiences.
- Build partnerships with families, businesses, and higher education.

School Profile (School Year 2019-20)

Southridge Middle School invites parents to join the school's efforts in increasing communication to support the learning process, help students experience success in middle school, and prepare students for the high school curriculum. Highly qualified, experienced teaching staff are focused on understanding and meeting the unique needs of middle school students academically, emotionally, and socially, promoting a safe and positive environment every day.

All staff share a deep sense of commitment, responsibility, and ownership to each child, recognizing in all areas each student's individual strengths and learning needs.

Principal's Message

On behalf of our faculty and staff, we are honored and privileged to serve the Southridge community—a service we do not take lightly. Those who visit our campus will observe professionals who actively engage in meaningful collaboration, encourage and foster life-long learning, and celebrate personal and school-wide growth!

We are educators who employ a student-centered approach to learning to meet the diverse learning needs of our students. Consequently, we meet regularly to improve our skills and knowledge through focused data analysis, instructional discourse, and professional collaboration to inform decisions that have a direct effect on student learning.

Our Professional Learning Communities have made concerted efforts to:

- standardize and calibrate our grading practices and expectations to measure our efficacy;
- collect and analyze data to drive our professional development and classroom lessons;
- differentiate our professional enrichment times for meaningful and relevant collaboration;
- implement close reading strategies across the curriculum;
- facilitate academic discourse within each subject content area;
- initiate the implementation of thinking maps to align with our cohort family of schools.

It is our belief that through consistent implementation of our District adopted curriculum and through effective use of our common planning time, we will create learning experiences that will prepare our students to excel in a complex, interconnected, shifting world by instilling 21st century skills. We hope that we inspire and foster life-long learning that will help our scholars find success in whatever endeavor—professional or academic—they choose.

It is my promise that Southridge Middle School will do all it can to help your student succeed. If you ever have questions or concerns, do not hesitate to give me a call or set up an appointment.

Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facilities (School Year 2019-20)

Age & Condition of Facilities

Built in 1987, Southridge Middle School sits on 20 acres and includes a library, 41 permanent classrooms, 10 portable classrooms, two computer labs, a gym, a staff lounge, teacher's workroom and a cafeteria/multipurpose room with stage area (indoor/outdoor). We recently purchased and installed our first electronic marquee to enable better communication with our parents and community.

Campus Supervision

Southridge Middle School provides a clean, safe, and functional environment for learning through proper facilities maintenance and campus supervision. The school recently received a large grant called the DROPS grant. It updated some of our facilities to be more water conscious. DROPS is a program that affords significant funds towards school beautification which manages rain and storm water run-off. The grant is also designed to host community events and student education around water conservation.

Student safety is taken very seriously at Southridge Middle School. When students arrive in the morning and depart in the afternoons, supervision is provided by eight teachers who are stationed at strategic locations on campus, a campus security officer patrolling the interior areas and securing safe passage in high traffic areas (buses, crosswalks, student drop-off/pickup), and school administrators circulating around the campus. During lunch, counselors, two campus security officers, and all administrators share supervision of student activities in the cafeteria and in common gathering areas.

Southridge Middle School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

Campus Maintenance

School custodial staff and the district's maintenance department work together to ensure classrooms and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors.

The Fontana Unified School District publishes a comprehensive custodial manual which outlines cleaning standards and prioritization guidelines. Each custodial staff member receives job training and is provided a copy of the district's cleaning manual which defines individual responsibilities regarding maintenance procedures, daily responsibilities, performance expectations, and safety measures.

One full-time day custodian and three full-time evening custodians are assigned to Southridge Middle School and are responsible for keeping classrooms and facilities clean, safe, and in good repair and working order. Each morning before students arrive on campus, one campus security officer and the assistant principal inspect facilities for graffiti, safety hazards, or other conditions that need attention prior to students and staff entering school grounds. The day custodian checks restrooms every hour for cleanliness and supplies; after each class period, restrooms are checked by the campus security officers who notify the custodian when restrooms need to be cleaned or restocked. The assistant principal, campus security officers, and custodians communicate daily regarding campus maintenance and safety issues.

Daily housekeeping and cleaning takes place in the evening. When students and staff are on intersession or school break, custodial teams focus on deep cleaning of carpets, floors, windows, restrooms, and other major components of the campus.

An electronic work order process is in place for non-routine school repairs and maintenance projects. School staff submit work orders to the school facilities secretary who forwards all work orders to the assistant principal in charge of facilities. Upon approval, the work orders are submitted to the district's maintenance department who identifies the scope of each project and then assigns the project to either district maintenance technicians/specialists or site custodians.

Each site custodian is capable of handling general repairs; projects requiring specialists or third party contractors are completed by the district's maintenance department. Emergency repairs are typically resolved immediately by either school custodians or district maintenance specialists.

Improvements to Facilities

The following facility improvements are being made districtwide where necessary: wi-Fi infrastructure upgrade and technology upgrades, sidewalk replacement (on-site tripping hazards), portable ramp replacement, portable HVAC units for portable classrooms of various sites, re-sealing of gym floor, solar installation projects, PA system upgrades, paint exterior of entire school, paint interior of entire school, replace/repair swamp coolers, replace intermittent failing HVAC units, replacement of portable siding and paint, replace ramps, general installation of TVs in classrooms.

Additionally, the following facility improvements are planned specifically for our school: add security/single point entry fencing to the front of school - at fire lane, Prop 39 replacement of multiple HVAC systems, add DROPS - Water Conservation Grant drought tolerant landscaping, add Potable water swap to reclaimed water.

Facility Inspection Results

Ongoing maintenance by site custodians and district trade specialists ensures facilities remain up-to-date and provide adequate space for students and staff. The district's maintenance department inspects facilities and operating systems at each school at least twice a year. A formal inspection report is prepared annually in accordance with Education Code §17592.72(c)(1). Fontana Unified School District uses the Facilities Inspection Tool developed by the California Office of Public School Construction to assess current conditions of the campus and identify facilities improvement needs. The chart displays the results of the most recent facilities inspection at the school. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been corrected or are in the process of remediation. Facilities information was collected in October 2019.

Instructional Materials (School Year 2019-20)

Sufficiency of Instructional Materials

Fontana Unified School District held a public hearing on September 18, 2019, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, foreign language materials, visual and performing arts materials, and/or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects, Foreign Languages, Health, and Visual and Performing Arts, for use in the classroom and to take home.

Adoption of Instructional Materials

Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the state are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

History/Social Studies & Science Curricula

The district is in the process of transitioning to new curricula and instructional materials for the subjects of History/Social Studies and Science. The district has reviewed the materials that are currently in-use and determined them to be aligned with the state standards. The History/Social Studies adoption for grades six through twelve was completed in spring of 2019, and grades Kindergarten through five is planned for early 2020. The adoption of Science curriculum for all grades is planned for the 2020-2021 school year.

Quality, Currency, & Availability

The table displays information collected in September 2019 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

California Assessment of Student Performance and Progress

The California Assessment of Student Performance and Progress (CAASPP) includes computer-based and paper-pencil assessments. The computer-based assessments are the Smarter Balanced English Language Arts/Literacy (ELA) and Mathematics tests, administered to grades three through eight and eleven. There is also an optional Standards-based Test in Spanish (STS) for Reading/Language Arts (RLA).

A new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS) has been developed. The California Standards Test and California Modified Assessment for Science are no longer administered. The new California Science Test (CAST) was piloted in spring 2017, field tested during the 2017–18 school year, and is now administered operationally. CAST results are not available for the current reporting period.

The Smarter Balanced Assessment System utilizes computer-adaptive tests and performance tasks that allow students to show what they know and are able to do. Smarter Balanced summative assessment results include student scores, achievement levels, and descriptors that describe performance. These assessment results are only one of several tools used to measure a student's academic performance in ELA/Literacy and mathematics. Smarter Balanced assessment results are most appropriately interpreted alongside other available information about a student's academic achievement, including such measures as District assessments, classroom assignments and grades, classrooms tests, report cards, and teacher feedback.

The first table displays the percent of students who met or exceeded state standards in English Language Arts/Literacy (grades 3-8 and 11) and Math (grades 3-8 and 11).

Homeless	14	14	100.00	0.00	35.71	14	100.00	0.00	21.43

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the California Alternate Assessment. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

State Priority: Other Pupil Achievement

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject area of physical education

Physical Fitness (School Year 2018-19)

In the spring of each year, the District is required by the state to administer a physical fitness test to all students in the fifth, seventh, and ninth grades. The physical fitness test is a standardized evaluation that measures each student's ability to perform fitness tasks in six major areas.

This table displays by grade level the percent of students at the school meeting fitness standards (scoring in the "healthy fitness zone" on all six fitness standards) for the most recent testing period. Detailed information regarding this test may be found at the CDE website at <http://www.cde.ca.gov/ta/tg/pfi/>.

Percentage of Students in Healthy Fitness Zone			
2018-19			
Grade Level	Four of Six Standards	Five of Six Standards	Six of Six Standards
7	21.2%	22.4%	28.9%

**Scores are not disclosed when fewer than 10 students are tested in a grade level and/or subgroup.*

Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Parent Involvement (School Year 2019-20)

Parents are encouraged to become involved in Southridge Middle School's learning community. Parents are welcome to volunteer to work in the classroom, assist with GATE enrichment activities, fundraisers, and help with year-end and after-school sports activities (i.e., track meets). We hold a monthly Coffee with the Principal where parents are invited to come to learn about Southridge and ask any questions of the principal or other staff members. Southridge also offers AVID classes to get students ready for college track. Events such as Open House, new student orientation, GATE Parent Meetings, parent workshops on Project INSPIRE, Back-to-School Night, parent conferences, and seasonal music programs provide opportunities for parents to support their child's interests and academic efforts. The school also hosts nutrition classes, an eight-week computer class that meets twice a week, and school police officers will speak on cyber bullying. Also, we're setting a parent field trip to Cal State, and working on a Father-Daughter Dance.

The School Site Council, District Advisory Council, Title I Advisory Council, and English Learner Advisory Council provide opportunities for parents to have input on curricular programs and school activities. Several teams of teachers have developed a program to invite parents to work with students on a regular basis.

The principal maintains an "open door policy" for parents to express their concerns and visit their child's classroom to observe lessons/activities. By the end of the school year, it is the goal of all Southridge Middle School's teachers to meet and conference with each student's family at least two times.

School-to-home communication is provided in both English and Spanish. Teachers have developed their individual systems either through letters or e-newsletters to keep parents apprised of class lessons, activities, and student progress. On occasion, letters are sent home on an individual basis to address specific concerns. Parents may access Grades Online through the district website to view their child's grades, attendance, and assignments. Teachers have their own websites to relay coursework information, reminders, and guidance. TeleParent is an Internet-based telephone messaging system that forwards personalized messages from school staff to each student's home. The school marquee is kept up to date with current events and announcements.

Southridge Middle School's website offers valuable school information and resources for parents in English, Spanish, and a variety of other languages. Periodically throughout the year, the middle school issues an informational newsletter (Home School Connection) featuring helpful education- and parent-related articles.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension and expulsion rates; and
- Other local measures on the sense of safety.

Discipline & Climate for Learning

Students at Southridge Middle School are guided by district policies, school rules and behavior expectations established by the Fontana Unified School District and which promote respect, cooperation, courtesy, and acceptance of others. Guidelines for behavior management practices are based on the Seven Habits of Highly Effective Teens. Teachers embed philosophies and values through scripted lessons and using supplemental materials.

School staff take a proactive, guidance-oriented approach in explaining and discussing the various types of appropriate and inappropriate school behavior as well as the consequences that follow poor decision-making. Students are motivated to understand the importance of good decision-making, coping with and learning from their mistakes, and developing a positive thought process to make better choices when faced with challenging situations in the future.

A progressive discipline approach is taken when students are having difficulty following school rules. Disciplinary measures are initially applied in the classroom. Students who continue demonstrating poor conduct are referred to the assistant principal's office. When administering consequences, the assistant principal takes into consideration the referred student's past behavior trends and seriousness of infraction. Student discipline is always dealt with in a fair, firm, and consistent manner. The goal of discipline at Southridge is for students to learn and to develop good behavior as well as positive character.

At the beginning of the school year, each student is provided a student handbook/planner which outlines district policies, school rules, and behavior expectations and which may be used for recording assignments and calendaring important dates. Parents may use the planner to communicate daily with their child's teachers.

Within the first few weeks of the school year, school administrators hold large-group assemblies to emphasize the school mission, discuss rules to live by such as honesty, respect, responsibility, review Education Codes governing behavior responsibilities and subsequent consequences, and stress the importance of maintaining good citizenship. Students are reminded of their behavior obligations as needed throughout the school year in classroom discussions.

Southridge Middle School celebrates the efforts of its students making good choices in conduct and meeting academic goals. Each team has established its own incentive programs to recognize students' efforts in meeting academic and behavior criteria. On a schoolwide basis, teachers select students to be recognized as Student of the Month. Selected students receive a personalized certificate, have their picture taken and put on the website, receive a small spirit gift, and are publicly recognized.

Students achieving established academic levels are honored at the end of each semester at an awards assembly. The eighth-grade awards assembly is held at the end of each school year to honor students with outstanding academic achievements, citizenship, and attendance.

After-school programs and clubs feature fun activities that promote fitness and academic enrichment. Non-competitive sports promote good sportsmanship and teamwork; activities include volleyball and flag football. Southridge Middle School sponsors a basketball team which competes with other schools in the district.

Suspensions & Expulsions

The table displays the suspension and expulsion rates at the school, in the district, and throughout the state. Expulsions occur only when required by law or when all other alternatives are exhausted.

	Suspensions & Expulsions					
	Suspensions			Expulsions

State	3.65	3.51	3.50	0.09	0.08	0.10

Safe School Plan (School Year 2019-20)

In 1998, the comprehensive Safe School Plan was developed by the Safe Schools Committee and the Office of Child Welfare and Attendance to comply with Senate Bill 187 of 1997. The plan was last reviewed, updated, and discussed with school staff in August 2019. An updated copy is available to the public at the school office.

Highlights of the Safe School Plan include:

- Safe Schools' Plan of Action
- Comprehensive disaster and crisis plan
- State and local discipline policies
- Intervention programs for at-risk students
- Addressing student aggression
- Visible authoritative presence on campus
- Safe transportation
- Communication strategies
- Conflict resolution

Staff Development

All training and curriculum development activities at Fontana Unified School District revolve around the Common Core State Standards, including Next Generation Science Standards, Professional Learning Communities, 21st Century Learning and Multi-Tiered System of Supports. The schools supplement district training with site-based training focused on meeting the needs of the school, based upon student assessment results and teacher input. The district plans, implements, and evaluates professional development opportunities for administrators and teachers. Staff members are encouraged to attend district sponsored training and professional development programs.

All staff complete mandatory training online through Target Solutions annually. The mandated training covers the following topics: Child Abuse, Mandated Reporter Training, School Bullying, Anti-Harassment Training, Maintaining Professional Staff/Student Boundaries, Bloodborne Pathogens Safety, and Recognizing and Preventing Youth Suicide.

New and veteran teachers are offered support through Peer Assistance & Review and Induction programs. Each program pairs participating teachers with qualified mentoring teachers in order to gain skills and knowledge to be most effective in the classroom. Paraprofessionals receive specialized training to support current classroom curricula and effective instructional strategies. Classified support staff receive job-related training from department supervisors and district representatives.

Beginning with the 2018-2019 school year, three days are dedicated annually to district-wide staff development. Prior to the 2018-2019 school year, the district dedicated two days annually. All school sites have early student-release days on Wednesdays; half of this time is devoted to professional development for school site staff, resulting in nineteen partial days for professional learning. Additional professional development opportunities take place by releasing teachers from their classroom with substitutes. To ensure this doesn't impact the instructional program, every effort is made to limit teachers being released from their classroom for professional development to no more than five days per school year. Teachers and classified staff are also offered additional optional professional development opportunities outside of their work day and during winter break, summer break, and Saturdays. Additional compensation is awarded for attendance in order to encourage staff to take advantage of opportunities available during non-contracted times.

The table displays the number of days that any professional development opportunity was available to staff including both full and partial days. Not all staff will attend each professional development opportunity. Different opportunities are offered to staff throughout the year based on job description and development needs.

Counseling & Support Staff (School Year 2018-19)

Southridge Middle School makes every effort to meet the academic, emotional, and physical needs of its students. The school employs highly qualified personnel to provide counseling and support services.

Student Intervention Teams (SIT) address issues that affect the ability of a student to perform at his or her best in school and recommend various intervention strategies/services to meet the unique needs of referred students.

The district's Special Education Local Plan Areas (SELPA) provides a wide range of specialized instructional and support services for students with exceptional needs. The SELPA employs highly qualified professionals and special education experts to meet the unique needs of each child based upon their IEP. Southridge Middle School's special education staff collaborates with the district's SELPA to coordinate designated instruction and services (DIS), special education programs, and resource programs to ensure students receive instruction and services to support their individual learning needs.

The charts display support staff available to students at the school in the reporting year. Note: One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

District Expenditures (Fiscal Year 2017-18)

At the time this report was published, the most recent financial and salary comparison data from the State of California was for the 2017-18 school year. The figures shown in the Expenditures Per Pupil table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state. The California Department of Education issued guidance to the district in August 2018 regarding how to calculate school-level per-pupil expenditures.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.
