# 2020-2021 School Accountability Report Card

# **SARC Information**

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1st of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all Local Educational Agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in a LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Webpage at http://www.cde. ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

# DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/ dataquest that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

# **California School Dashboard**

The California School Dashboard (Dashboard) reflects California's new accountability and continuous improvement system and provides information about how districts and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of districts, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement. The Dashboard can be accessed at https://www.caschooldashboard.org.

# **District Vision**

### **Our Mission**

"Every Student Successful. Engaging Schools. Empowered Communities."

#### **Our Shared Vision**

Fontana Unified is a community united to ensure that every student is prepared for success in college, career, and life.

### **Our Core Values**

- Teamwork and Respect
- Excellence and Achievement
- Responsibility and Accountability
- Equity and Opportunity
- Dedication and Commitment

#### **Our Three Cornerstones of Success**

- Every Student Successful: Schools demonstrate a relentless focus on preparing students for success in college, career and life.

- Engaging Schools: Schools have the high-quality resources, leaders and teachers to provide the comprehensive learning environment required for a world-class education.
- Empowered Communities: Schools cultivate healthy environments and meaningful partnerships with families and communities to support student achievement in and out of school.

#### **Our Goals and Budget Priorities**

- Increase proficiency and strategic thinking
- Promote multilingualism and multiculturalism
- Increase graduation and college and career readiness
- Cultivate effective teachers and leaders
- Engage students and decrease dropout rates
- Strengthen family and community engagement
- Promote healthy environments

# **School Profile**

Locust Elementary School runs on a traditional school calendar. The school is proud of its experienced group of teaching professionals dedicated to improving school programs to meet the individual needs of its students. Parents are a welcome resource and collaborate effectively in supporting school staff, instruction, and programs.

## Principal's Message

Hello and Welcome to the LOCUST Lions' Den!

At Locust, we are committed to excellence via a high-quality academic program and a commitment to ensuring that every child can and will learn. The School Accountability Report Card provides important information for our school community about Locust Elementary School's instructional programs, academic achievement, and resources. Our teachers, office staff, support staff, and even our custodians are 100% committed to ensuring that your child has a wonderful and memorable experience here at Locust! We are dedicated to providing a safe learning environment where students thrive both academically and socially. Our goal is that every student receives the positive support he/she needs to experience academic success and meet his/her highest potential!

Our staff believes that with a strong and positive relationship between the home and the school, we can support each child in his or her learning. We believe that the support of parents and community partnerships are essential to student success. We have many opportunities for parents and families to become involved at Locust Elementary School. We invite you to participate in the educational experiences of your child. We hold regular School Site Council and English Learner Advisory Council Meetings. We provide a time for parents to come and ask questions, share ideas and discuss concerns during our Coffee with the Principal Meetings. We know that parenting children isn't always easy, so we also offer many parent workshops to help parents understand how they can support their children's academic success. There are numerous opportunities for parents and families to engage with our PTA to volunteer and support our school. Additionally, families are invited to attend our Back-to-School Night, Parent-Teacher Conferences and Open House. It is your support that enables us to help your child grow academically and socially.

Locust Elementary is focused on improving academic achievement in reading, writing and math and implementing a school-wide Positive Behavior Interventions and Supports (PBIS) Program. Through collaboration with our teachers and families, we will provide targeted support and interventions to fill in the gaps for our students. The entire staff of Locust Elementary appreciates your support and commitment to the education of our children.

GO LIONS!

# Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### **Teacher Assignment**

The tables display information regarding teacher preparation and placement, teachers without credentials and misassignments (considered ineffective under ESSA), credentialed teachers who are assigned out-of-field (considered out-of-field under ESSA); and class assignments. The data is collected and provided through an exchange with the Commission on Teacher Credentialing (CTC) and its California State Assignment Accountability System (CalSAAS). More information about the definitions used to determine the displayed data is available on the CDE's Updated Teacher Definitions web page at https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp.

# School Facilities (School Year 2020-21)

#### Age and Condition of Facilities

Locust Elementary School provides a caring, clean, safe, and functional environment for learning through proper facilities maintenance and campus supervision. Locust is an all portable school. Built in 1987, the school sits on 10 acres and includes a library, one computer labs, 30 classrooms, a staff lunch room, and a cafeteria/multipurpose room. In July, 2013, our dedicated PTA and school community joined together to raise \$30,000 to install a new playground structure.

#### **Campus Supervision**

As students arrive on campus each morning, teachers supervise the bus area and an aide supervises the crosswalk area. The principal is stationed at the front of the school to greet and supervise arriving students. Teachers supervise playground activities. We have 5 school site aides that share the supervision of students on the playground and in the cafeteria during recesses and lunches. When students are dismissed for the day, teachers escort students to the front of the school. The principal and assigned teachers are stationed at crosswalk, student pickup, and bus areas to ensure students depart in a safe and orderly manner. Locust Elementary School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

#### **Campus Maintenance**

School custodial staff and the district's maintenance department work together to ensure playgrounds, classrooms, and campus grounds are wellmaintained and kept safe and functioning for students, staff, and visitors. The Fontana Unified School District publishes a comprehensive custodial manual which outlines cleaning standards and prioritization guidelines. Each custodial staff member receives job training and is provided a copy of the district's cleaning manual which defines individual responsibilities regarding maintenance procedures, daily responsibilities, performance expectations, and safety measures.

One full-time day custodian and one full-time evening custodian are assigned to Locust Elementary School and are responsible for keeping classrooms and facilities clean, safe, and in good repair and working order. Each morning before students arrive on campus, the day custodian inspects facilities for graffiti, safety hazards or other conditions that need attention prior to students and staff entering school grounds. Restrooms are checked after every recess and cleaned as needed. The principal, custodians, and school office staff communicate daily with hand-held radios regarding campus maintenance and safety issues. Daily housekeeping and cleaning takes place in the evening. When students and staff are on intersession or school break, custodial teams focus on deep cleaning of carpets, floors, windows, restrooms, and other major components of the campus.

An electronic work order process is in place for non-routine school repairs and maintenance projects. School staff submit work orders to the school secretary who forwards all work orders to the district's maintenance department who identifies the scope of the project and then assigns the project to either district maintenance technicians/specialists or site custodians. Each site custodian is capable of handling general repairs; projects requiring specialists or third party contractors are completed by the district's maintenance department. Emergency repairs are typically resolved immediately by either school custodians or district maintenance specialists.

#### Improvements to Facilities

The following facility improvements are being made districtwide where necessary: wi-Fi infrastructure upgrade and technology upgrades, sidewalk replacement (on-site tripping hazards), portable ramp replacement, portable HVAC units for portable classrooms of various sites, re-sealing of gym floor, solar installation projects, PA system upgrades, paint exterior of entire school, paint interior of entire school, replace/repair swamp coolers, replace intermittent failing HVAC units, replacement of portable siding and paint, replace ramps, general installation of TVs in classrooms.

Additionally, the following facility improvements are planned specifically for our school: upgrade fire alarm system site-wide, install shade structure for State Pre-School playground.

#### Facility Inspection Results

Ongoing maintenance by site custodians and district trade specialists ensures facilities remain up-to-date and provide adequate space for students and staff. The district's maintenance department inspects facilities and operating systems at each school at least twice a year. A formal inspection report is prepared annually in accordance with Education Code §17592.72(c)(1). Fontana Unified School District uses the Facilities Inspection Tool developed by the California Office of Public School Construction to assess current conditions of the campus and identify facilities improvement needs. The chart displays the results of the most recent facilities inspection at the school. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. Facilities information was collected in December 2021.

#### Sufficiency of Instructional Materials

Fontana Unified School District held a public hearing on September 22, 2021, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, foreign language materials, visual and performing arts materials, and/or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects, Foreign Languages, Health, and Visual and Performing Arts, for use in the classroom and to take home.

#### Adoption of Instructional Materials

Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the state are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

#### History/Social Studies and Science Curricula

The district is in the process of transitioning to new curricula and instructional materials for the subjects of History/Social Studies and Science. The district has reviewed the materials that are currently in-use and determined them to be aligned with the state standards. The History-Social Science adoption for grades six through twelve was completed in spring of 2019. The History-Social Science adoption for grades Transitional Kindergarten through five was completed in spring of 2020. The adoption of Science curriculum for all grades is planned for the 2021-2022 school year.

#### English Language Arts Curricula

The district has reviewed the materials that are currently in-use and determined them to be aligned with the state standards. Grades 6-8 adopted new materials in 2016. Grades 9-12 adopted materials in 2017.

#### Mathematics Curricula

The district currently uses materials that have been approved by the state as aligned to the state standards. Grades 6-8 adopted materials 2014 and grades 9-12 adopted materials in 2015.

### **Pupil Outcomes State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

### California Assessment of Student Performance and Progress

The California Assessment of Student Performance and Progress (CAASPP) includes computer-based and paper-pencil assessments. The computerbased assessments are the Smarter Balanced English Language Arts/Literacy (ELA) and Mathematics tests, administered to grades three through eight and eleven. There is also an optional Standards-based Test in Spanish (STS) for Reading/Language Arts (RLA). Additionally, California Science Test (CAST) and CAAs for Science based on the Next Generation Science Standards for California Public Schools (CA NGSS) are administered in grades five, eight, and once in high school.

The Smarter Balanced Assessment System utilizes computer-adaptive tests and performance tasks that allow students to show what they know and are able to do. Smarter Balanced summative assessment results include student scores, achievement levels, and descriptors that describe performance. These assessment results are only one of several tools used to measure a student's academic performance. Smarter Balanced assessment results are most appropriately interpreted alongside other available information about a student's academic achievement, including such measures as district assessments, classroom assignments and grades, classrooms tests, report cards, and teacher feedback.

Due to the COVID-19 pandemic, a statewide summative assessment was not the most viable option for student assessment for many schools. For the 2019–2020 school year, the statewide academic testing requirement was waived. For the 2020-2021 school year, districts and schools were allowed to administer a different assessment that met the criteria established by the State Board of Education. The locals assessments used instead were required to be aligned with California Common Core State Standards for English Language Arts and Mathematics, available to students in grades three through eight, and grade 11; and must have been uniformly administered all eligible students across a grade, grade span, school, or the district. Schools administered the Smarter Balanced Summative Assessments for English Language Arts and Mathematics, other assessments that meet the State Board of Education criteria, or a combination of both.

Unfortunately, the California Alternate Assessments could only be administered in-person following health and safety requirements. At this time, there are no other alternative assessment options available. If the district or school was not able to administer the California Alternate Assessments in person, they were directed to not administer the tests.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the California Alternate Assessment. The Percent Met or Exceeded is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: When local assessments were administered in place of statewide summative assessment, the at or above the grade-level standard is determined in the context of the local assessment administered.

The first table displays the results of the California Assessment of Student Performance and Progress (CAASPP) for the school, district, and state. If the CAASPP assessment was not administered, "N/A" is displayed. The second table displays assessment results for the school. If the CAASPP assessment was not administered, results from local assessments are displayed.

# State Priority: Other Pupil Achievement

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject area of physical education

# **Physical Fitness**

In the spring of each year, all California schools are required by the state to administer a physical fitness test to students in the fifth, seventh, and ninth grades. The physical fitness test is a standardized evaluation that measures each student's ability to perform fitness tasks in six major areas. Students who meet or exceed the standards in all six fitness areas are considered to be physically fit or in the Healthy Fitness Zone (HFZ). Due to the COVID-19 pandemic, administration of the physical fitness performance test was waived during the 2019–2020 and 2020–2021 school years. Therefore, there is not data to report for the 2020-21 school year. Detailed information regarding this test may be found at the CDE website at http://www.cde.ca.gov/ta/tg/ pf/.

### **Engagement State Priority: Parental Involvement**

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

# Parent Involvement (School Year 2021-22)

Parents are encouraged to get involved in Locust Elementary School's learning communities. Parents may volunteer to help out in their child's classroom, read to students, and chaperone field trips. Events such as Back-to-School Night, Harvest Festival, and Movie Night provide opportunities for parents to interact with school's staff while supporting their child's academic programs. Parents are invited to attend Coffee with the Principal to share their concerns or discuss school activities. Parent education activities include Parent Workshops, School Site Council, Parent Teacher Association, and English Learners Advisory Council provide opportunities for parents to have input on curricular programs and financial planning.

The School Accountability Report card contains vital information for parents and community members to review about the progress of Locust Elementary School. The SARC will provide information about academic achievement, behavior, instructional programs and practices, attendance and various other information that is helpful to families. It is the goal of Locust Elementary staff to work collaboratively with all key stakeholders to have a quality education for all students.

School-to-home communication is provided in both English and Spanish. Our school's website is kept current with our monthly calendar and Q Communication, Blackboard Connect 5 message system forwards personalized messages from school staff to each student's home.

Go, Lions-let's roar through the next year!

# State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

Attendance

# **Chronic Absenteeism**

Attendance is critical to academic achievement. Regular daily attendance is a priority and is expected for students. A student who is absent on 10 percent or more of the school days in the school year is considered to be a "chronic absentee". Chronic absenteeism negatively impacts student learning and achievement and is closely monitored by school staff and the district. Rates of chronic absenteeism for the school are displayed below.

2020-21 Chronic Absenteeism by Student Group						
	Cumulative Enrollment	Chronic Absenteeism Eligible Enrollment	Chronic Absenteeism Count	Chronic Absenteeism Rate (Percentage)

# Safe School Plan

In 1998, the comprehensive Safe School Plan was developed by the Safe Schools Committee and the Office of Child Welfare and Attendance to comply with Senate Bill 187 of 1997. The plan was last reviewed, updated, and discussed with school staff in August 2021. An updated copy is available to the public at the school office.

Highlights of the Safe School Plan include:

- Safe Schools' Plan of Action
- Comprehensive disaster and crisis plan
- State and local discipline policies
- Intervention programs for at-risk students
- Addressing student aggression
- Visible authoritative presence on campus
- Safe transportation
- Communication strategies
  Conflict resolution

# **Suspensions & Expulsions**

The tables display the suspension and expulsion rates at the school, in the district, and throughout the state. Expulsions occur only when required by law or when all other alternatives are exhausted. Due to the COVID-19 pandemic, the 2019–2020 and 2020-2021 suspension and expulsion rate data are not comparable to prior year data. In instances where there was not in-person learning for the entire school year, it would be inappropriate to make any comparisons of the suspension and expulsion rates to school years that offered in-person learning for the entire school year.

### **Professional Development**

All training and curriculum development activities at Fontana Unified School District revolve around the Common Core State Standards, including Next Generation Science Standards, Professional Learning Communities, 21st Century Learning and Multi-Tiered System of Supports. The schools supplement district training with site-based training focused on meeting the needs of the school, based upon student assessment results and teacher input. The district plans, implements, and evaluates professional development opportunities for administrators and teachers. Staff members are encouraged to attend district sponsored training and professional development programs.

The district recently focsed on knowledge of the Visible Learning Research to assist us in meeting our goal to ensure high quality first instruction for all of our students. Professional development for Teacher Clarity included a trainer of trainer's model, utilizing each school sites Instructional Leadership Team (ILT). The ILT participated in two days of training between September and November. The expectation after each day of training, was for them to go back and provide training to the teachers at their site.

All staff completes mandatory training online through Target Solutions annually. The mandated training covers the following topics: Child Abuse, Mandated Reporter Training, School Bullying, Anti-Harassment Training, Maintaining Professional Staff/Student Boundaries, Bloodborne Pathogens Safety, and Recognizing and Preventing Youth Suicide.

New and veteran teachers are offered support through Peer Assistance and Review and Induction programs. Each program pairs participating teachers with qualified mentoring teachers in order to gain skills and knowledge to be most effective in the classroom. Paraprofessionals receive specialized training to support current classroom curricula and effective instructional strategies. Classified support staff receive job-related training from department supervisors and district representatives.

Three days are dedicated annually to district-wide staff development. All school sites have early student-release days on Wednesdays for PLC meetings, Staff collaboration, teacher prep time and professional development. Additional professional development opportunities take place by releasing teachers from their classroom with substitutes. To ensure this doesn't impact the instructional program, every effort is made to limit teachers being released from their classroom for professional development to no more than five - ten days per school year. Teachers and classified staff are also offered additional optional professional development opportunities outside of their work day and during winter break, summer break, and Saturdays. Additional compensation is awarded for attendance in order to encourage staff to take advantage of opportunities available during non-contracted times.

# **Class Size**

The table indicates the average class size by grade level or subject area, as well as the number of classrooms that fall into each size category.

# **District Expenditures**

The figures shown in the table reflect the direct cost of educational services, per average daily attendance, excluding food services, facilities acquisition and construction, and certain other expenditures. This calculation is required by law annually and is compared with other districts state-wide.

Supplemental/Restricted expenditures come from money whose use is controlled by law or donor. Money designated for specific purposes by the district or governing board is not considered restricted. Basic/Unrestricted expenditures, except for general guidelines, are not controlled by law or donor. The California Department of Education issued guidance to the district in August 2018 regarding how to calculate school-level per-pupil expenditures.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending Web page at http://www.cde.ca.gov/ds/fd/ec/. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at http://www.cde.ca.gov/ds/fd/cs/. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: http://www.ed-data.org.
