SARC INFORMATION

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1st of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all Local Educational Agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in a LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.

- For more information about the LCFF or LCAP, see the CDE LCFF Webpage at <http://www.cde.ca.gov/fg/aa/lc/>.

- For additional information about the school, parents and community members should contact the school principal or the district office.

DATAQUEST

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

CALIFORNIA SCHOOL DASHBOARD

The California School Dashboard (Dashboard) reflects California's new accountability and continuous improvement system and provides information about how districts and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of districts, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement. The Dashboard can be accessed at <https://www.caschooldashboard.org>.

DISTRICT STATEMENTS

DISTRICT MISSION

To inspire ALL students to extraordinary achievement every day.

DISTRICT VISION

An unwavering focus on innovative and engaging learning experiences that prepare students for college, career pathways and life success.

SCHOOL STATEMENTS

MESSAGE FROM THE SCHOOL ADMINISTRATION

At Maxwell School, we stress to our students that the best gift one can give himself or herself is an education. What we learn becomes a part of us – it cannot be lost, stolen, nor broken. The more we know, the better prepared we are for the world in which we live. It is valuable for us all to be life-long learners, to continually pursue opportunities to gain knowledge in academic areas, hobbies, and other points of interest and to share what we learn with others. Maxwell School provides many opportunities for our students to be successful. All classrooms are connected to the Internet and also contain state-of-the-art computer equipment. Grades one through six have sets of Chromebooks in the rooms for every student. All classrooms have Smart board technology as part of the daily instruction that takes place. Extracurricular opportunities are provided to our students include an annual musical performance, a school robotics team, after school chess and coding classes, after school programs provided by the YMCA and City of Anaheim, and hockey demonstrations and lessons through our partnership with the Anaheim Ducks. Everyone at Maxwell School proudly puts forth our best efforts to provide quality educational opportunities for the students we serve in an environment that is productive and caring.

SCHOOL PROFILE

Located in the Orange County City of Anaheim, the Magnolia School District educates pre-kindergarten through sixth grade students from the diverse communities of West Anaheim and Stanton. There are currently nine elementary schools (pre-K-sixth) in the district. Students from the Magnolia School District attend junior high and high schools in the Anaheim Union High School District. School programs and curricular objectives emphasizing English Language Development, strong community partnerships, and character education are hallmarks of the Magnolia School District.

Maxwell School's goal is to provide an engaging learning environment with strong parental involvement where all students are able to participate in activities that promote academic achievement, personal growth, and high self-esteem.

CONDITIONS OF LEARNING

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

TEACHER ASSIGNMENT

The tables below display information regarding teacher preparation and placement, teachers without credentials and misassignments (considered "ineffective" under ESSA), credentialed teachers who are assigned out-of-field (considered "out-of-field" under ESSA); and class assignments. The data is collected and provided through an exchange with the Commission on Teacher Credentialing (CTC) and its California State Assignment Accountability System (CalSAAS). More information about the definitions used to determine the displayed data is available on the CDE's Updated Teacher Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

SCHOOL FACILITIES

Age and Condition of Facilities

Maxwell School provides a safe, clean environment for students, staff, and volunteers. The school was designed in 1957; but the original school dates back to the late 1800's. The school site is situated on 5.4 acres that includes 30 permanent classrooms, 15 portable classrooms, a playground area, a library, a multipurpose room, a kitchen, and an administrative office building. The campus is well-maintained and provides adequate space for students and staff.

Improvements to Facilities

The site has a solar panel structure that provides both power and shade to the facility. The school completed the modernization of new portable classroom buildings. Maxwell Elementary School has completed their HVAC and lighting upgrades. The District plans to continue their preventative maintenance program for the playground blacktops, parking lots, and roofs.

Cleaning Process

The District's governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office or at the district office. The site administration team works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Maintenance and Repair

The maintenance and repair of the school facility is the number one priority of the District's Maintenance, Operations, Transportation, and Facilities Department. The District's maintenance supervisors are proactive and conduct inspections at school sites on a continual basis. Repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

INSTRUCTIONAL MATERIALS

Magnolia School District held a Public Hearing on September 15, 2022, and determined that it has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. All textbooks and instructional materials used within the district are aligned with the California State Standards and have been approved by the Board of Education. The most recent textbooks (as of September 2022) for all schools in the Magnolia School District are indicated.

TEXTBOOKS

The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

PUPIL ACHIEVEMENT AND OUTCOMES

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

CALIFORNIA ASSESSMENT OF STUDENT PERFORMANCE AND PROGRESS

The California Assessment of Student Performance and Progress (CAASPP) is a collection of tests used statewide to provide teachers, students and parents with information about how students are doing in school. The assessment system utilizes computer-adaptive tests and performance tasks that allow students to show what they know and are able to do. Summative assessment results include student scores, achievement levels, and descriptors that describe performance. Information regarding the CAASPP test results of mathematics for each grade and achievement standards can be found on the CDE CAASPP-ELPAC Results website at <https://www.caaspp-elpac.cde.ca.gov/caaspp/>. The CAASPP System consists of the following assessments:

- Smarter Balanced English language arts/literacy (ELA) and mathematics
- California Alternate Assessments for ELA, mathematics, and science
- California Science Test (CAST)
- California Spanish Assessment (CSA)
- Smarter Balanced Interim Assessments

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The value "N/T" indicates that students were not tested, and therefore no scores are available at this time.

ASSESSMENT RESULTS

The table displays the percent of students who met or exceeded state standards in English Language Arts/Literacy (grades 3-8 and 11), Mathematics (grades 3-8 and 11), and Science (Grades 5, 8, and high school).

OTHER OUTCOMES

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject area of physical education

PHYSICAL FITNESS ASSESSMENT

In the spring of each year, all California schools are required by the state to administer a physical fitness test to students in the fifth, seventh, and ninth grades. The physical fitness test is a standardized evaluation that measures each student's ability to perform fitness tasks in five major areas. The five major areas are Aerobic Capacity, Abdominal Strength and Endurance, Extensor and Strength and Flexibility, Upper Body Strength and Endurance, and Flexibility.

The table displays the percentage of students participating in each of the five fitness evaluations by grade. Detailed information regarding this test may be found at the CDE website at <http://www.cde.ca.gov/ta/tg/pfi/>.

PUPIL ENGAGEMENT

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout and graduation rates
- Chronic absenteeism rates

CHRONIC ABSENTEEISM

Attendance is critical to academic achievement. Regular daily attendance is a priority and is expected for students. A student who is absent on 10 percent or more of the school days in the school year is considered to be a "chronic absentee". Chronic absenteeism negatively impacts student learning and achievement and is closely monitored by school staff and the district. Rates of chronic absenteeism for the school are displayed below.

Chronic Absenteeism Rate (Percentage)				
2021-22	Cumulative Enrollment	Chronic Absenteeism Eligible Enrollment	Chronic Absenteeism Count	Chronic Absenteeism Rate (Percentage)

PARENT ENGAGEMENT

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

PARENT INVOLVEMENT

Parents and the community are very supportive of the educational program at Maxwell School. The PTA has made generous contributions of time and money to numerous programs and activities. Parents are encouraged to be involved in their child's education through volunteering in the classroom, as well as attending schoolwide events held throughout the year. Maxwell School offers a school readiness program for students about to enter kindergarten. Through a series of sessions, students learn the skills necessary to succeed in the early years of school, such as how to stand in line and move together in one direction, and parents learn how they can contribute to their children's success. We hold many parent education classes in English and Spanish for areas such as literacy, health, nutrition, and family issues. Maxwell offers a monthly Family Reading Day where parents and community members are welcomed to the classrooms and meet with the principal during regularly scheduled Coffee with the Principal meetings.

SCHOOL CLIMATE

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

SCHOOL SAFETY

Safety of students and staff is a primary concern of the school. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Site Safety plan is reviewed and updated annually by the School Safety Committee. All revisions are communicated to the both the classified and certificated staff. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire, lockdown, and disaster drills are conducted on a regular basis throughout the school year. There is a designated area for student drop off and pick up. Additionally, visitors must check in at the school office before entering the school campus.

DISCIPLINE AND CLIMATE FOR LEARNING

The primary focus at Maxwell School is learning. The Maxwell staff uses the Positive Behavior Intervention and Supports program (PBIS). Students are taught the behavior expectations in a variety of settings, including the classroom playground, and lunch room. Good behavior is reinforced through the use of Fast Pass tickets, which are redeemed for a variety of privileges. Parents are informed of behavior expectations through home-school communication such as phone calls, Class Dojo, and at events such as Back to School Night. At our trimester awards assembly we recognize outstanding students for their achievements, including language arts, mathematics and citizenship. Maxwell School participates in the PAL® (Peer Assistance Leadership) program, which encourages upper grade students to demonstrate leadership through helping others. They support a variety of school programs, including tutoring students from the primary grades.

SUSPENSIONS AND EXPULSIONS

The table displays the suspension and expulsion rates at the school, in the district, and throughout the state. Expulsions occur only when required by law or when all other alternatives are exhausted. Due to the COVID-19 pandemic, the 2019–2020 and 2020-2021 suspension and expulsion rate data are not comparable to prior year data. In instances where there was not in-person learning for the entire school year, it would be inappropriate to make any comparisons of the suspension and expulsion rates to school years that offered in-person learning for the entire school year.

OTHER SARC INFORMATION

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

ADDITIONAL INTERNET AND PUBLIC LIBRARY ACCESS

For additional research materials and Internet availability, students are encouraged to visit the public libraries located in Orange County, which contain numerous computer workstations. For more information, hours, and locations please visit: www.ocpl.org.

PROFESSIONAL DEVELOPMENT

Magnolia School District offers six staff development days annually when teachers may participate in a variety of activities to increase their professional knowledge and skills. Topics included: Student and Staff Wellness with the introduction to Trauma Informed Care, Calm Classroom Training, Teacher Toolbox Sessions with an introduction to the MSD Professional Learning Hub, Illuminate (Testing and Data Management System), Tools for Student Progress, iReady - End of Year Testing Procedures.

COUNSELING AND SUPPORT SERVICES

The school and district employ qualified personnel to provide support services. An active Student Success Team (SST) meets frequently to address issues that affect the ability of a student to perform at his or her best in school. Using a collaborative approach, members of the SST evaluate and recommend various intervention strategies and services to meet the unique needs of the referred student. With the Anaheim Family YMCA and the City of Anaheim, Magnolia School District offers the Anaheim Achieves after-school program. This program, which operates between the hours of 3:00 and 6:00 p.m., offers a safe and structured environment for our students after school. Half of the time is spent on homework help in the areas of reading, writing, and math. The other half is comprised of enrichment activities in the areas of arts, recreation, and character education.

Magnolia School District also partners with Orange County's Families and Children Together (FaCT) to fund the Salk Community Family Resource Center located on the Dr. Jonas Salk campus. FaCT is a partnership among more than 60 community-based social service agencies and the County of Orange Social Services Agency.

The Salk Community Family Resource Center provides counseling, parent education, after-school programs, health education and services, support groups, community outreach, and referrals to community agencies for our families.

School Readiness is an important focus of the Magnolia School District, enabling students to be fully prepared for successful enrollment in the public education system. The district, as well as county, state, and federal agencies, offer a variety of programs at schools throughout the district, targeting families with children from pre-natal to four years of age. All programs are coordinated by the School Readiness Center located at the district office.

Magnolia School District offers the Gifted and Talented Education (GATE) program to students who have been recognized as capable of attaining high levels of achievement by their teachers and identified through state testing programs.

For students whose primary language is not English and who have limited English proficiency, Magnolia School District offers programs to help them quickly acquire the English language and prepare to meet state academic standards. Students are identified as English Learners (EL) through the English Language Proficiency Assessment for California (EPLAC). Students are placed with teachers who are appropriately credentialed to teach English Learners and receive instruction in English based on their level of English acquisition. Students receive 30 minutes of English Language Development daily through the district-adopted Benchmark Advanced language arts materials. Additional assistance is provided through para-educators.

Maxwell School offers support to students whose test results indicate they need additional assistance to achieve grade level proficiency. When a student is academically at-risk, our teachers meet to brainstorm intervention strategies. Interventions may include modification of instruction in the regular classroom, or structured pull out intervention program for 30 minutes yearly. We maintain open communication with parents regarding their child's progress throughout the school year and welcome parental involvement when developing intervention plans.

Maxwell School provides instruction to all students in the least restrictive environment possible. Students with special needs are accommodated with a variety of options.

A team consisting of the parent, school administrator, general education teacher, psychologist, speech and language therapist, and special education teacher develops an Individual Education Plan (IEP). The IEP defines the individualized instruction a child will receive which may include placement in a Special Day Class or services from a Resource Specialist, Adaptive Physical Education Specialist, Occupational Therapist, and/or Speech and Language Specialist. The Magnolia School District offers state preschool programs at some of its sites, as well as a regional program at Lord Baden-Powell and GR. Jonas Salk Schools servicing students with severe handicaps and/or multiple disabilities from six surrounding school districts.

SCHOOL AND DISTRICT EXPENDITURES

The table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state. Supplemental/Restricted expenditures come from money whose use is controlled by law or donor. Money designated for specific purposes by the district or governing board is not considered restricted. Basic/Unrestricted expenditures, except for general guidelines, are not controlled by law or donor. The California Department of Education issued guidance to the district in August 2018 regarding how to calculate school-level per-pupil expenditures.
